

Enjoyable, Relaxed and Carefree Dialysis at Loutraki - Greece

Rontis Holiday Dialysis Center was founded by people with knowledge, understanding and sensitivity regarding the needs of renal patients. Our primary aim is to offer dialysis patients the ability to enjoy the substantial right that all people have carefree, safe and relaxed vacations at a well-known, popular and historic resort, the city of Loutraki.

SERVICES

- Rontis's nephrologists are available within the unit during the haemodialysis procedure and are on call 24 hours a day either for simple advice or for emergency care.
- The nursing staff are highly trained and experienced in dialysis procedures.
- Rontis ensure high quality medical services using FRESenius MEDICAL CARE machines.
- Low flux and high flux polysulfone dialyzers.
- Emergency unit and private ambulance available all day.
- Choice between dialysis beds or chairs.
- ISO 9001:2008.

One of the most important advantages that make Loutraki a top tourist destination is its geographical location. Visitors can discover sights of great historic interest with easy access:

- Tours may be organized by our company regarding the city of Loutraki and the wider area of Peloponnese.
- Curative water
- Municipal hydrotherapy center with spas, spring water pools, jacuzzi and modern physiotherapy treatments.
- Loutraki also has a 4 km long beautiful beach with numerous Cafes and traditional seaside tavernas.

RONTIS accepts EHIC as full payment for dialysis costs. For reservations and enquiries:
